A modern, two-story house with a mix of stone and grey siding. The house has a dark, wavy-tiled roof and a prominent chimney on the left. Large windows are visible on both levels. The house is surrounded by lush green trees and a body of water in the background. The text "Outdoor Living Spaces Made By Nature" is overlaid in the center in a large, white, sans-serif font.

# Outdoor Living Spaces Made By Nature

INDIANA Limestone - FULL COLOR BLEND™  
Berkshire® thin veneer

A mason installing an Indiana Limestone full-bed veneer wall in 1929.

# Success is built on passion.

Polycor is a North American natural stone quarrier and fabricator. By joining forces with other industry pioneers, we provide our customers with centuries of stone expertise. Our vision is to establish new foundations of global leadership by setting the standard for excellence in sustainable natural stone. Our products are built to last so that future generations can continue to fall in love with natural stone.

A photograph of a large limestone quarry. The image shows a massive, terraced rock face with horizontal layers of limestone. In the foreground, there is a body of water, likely a quarry pond, with several large, rectangular limestone blocks floating in it. The sky is not visible, and the overall scene is industrial and naturalistic.

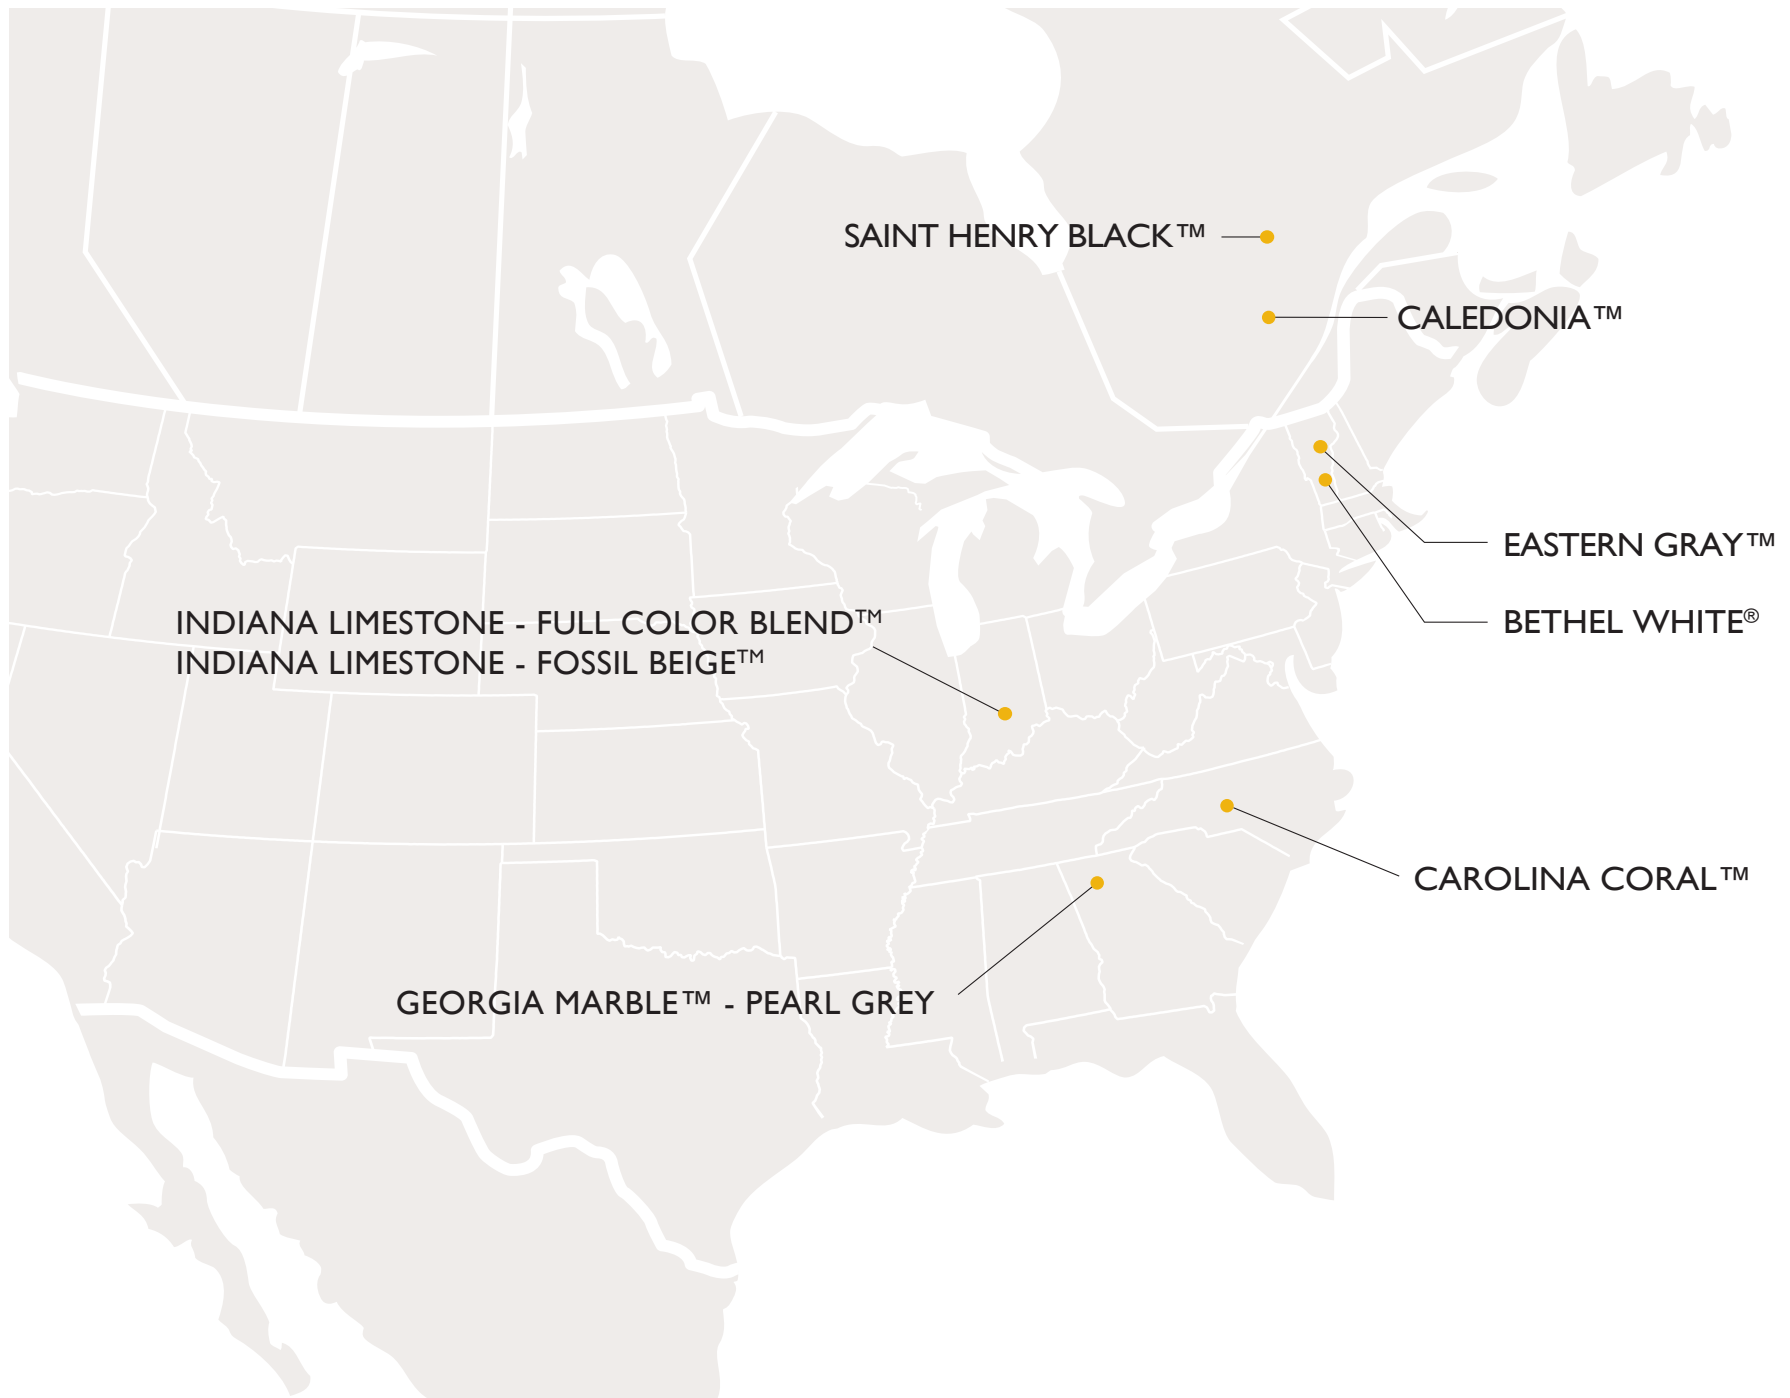

# Global With a Local Footprint

# Estate Veneer Series

**Beauty and permanence combined.**

Embellish new builds with stately elegance or refresh an existing home by adding a classic touch. Polycor veneers are available in traditional full-bed veneer or thin veneer cladding. The Estate Veneer Series is available in a variety of stones, shapes, and sizes.

# Berkshire®

Berkshire® is a solid, split-face veneer. Variations in height create a classic, pleasant, and seemingly random definition for commercial and fine residential structures. Available in thin and full-bed veneer.
