A modern kitchen interior featuring a large, light-colored marble countertop with dark veining. The countertop is supported by dark, flat-panel cabinets. A black, high-arch faucet is positioned over a sink. To the left, a small potted tree with green leaves sits on a black stand. In the background, a large window with white trim looks out onto a garden with a tree and a white fence. The text "Natural Stone Timeless by Design" is overlaid in the center-right of the image.

# Success is built on passion.

Polycor is a North American natural stone quarrier and fabricator. By joining forces with other industry pioneers, we provide our customers with centuries of stone expertise. Our vision is to establish new foundations of global leadership by setting the standard for excellence in sustainable natural stone. Our products are built to last so that future generations can continue to fall in love with natural stone.

A photograph of a large limestone quarry. The image shows a massive, terraced rock face with horizontal layers of limestone. In the foreground, there is a body of water, likely a quarry pond, with several large, rectangular limestone blocks floating in it. The sky is not visible, and the overall scene is industrial and naturalistic.
