

HARDSCAPES & MASONRY

POLYCOR
NATURAL STONE

A high-angle photograph of a luxurious outdoor living space overlooking a large lake. The patio is paved with large, light-colored limestone tiles. On the left, there is a stone fireplace with a built-in bench. In the center, a modern outdoor sofa and two armchairs are arranged around a coffee table. The patio is bordered by large, natural-looking rocks and some landscaping. In the background, a calm lake stretches towards the horizon under a clear sky. The text "OUTDOOR LIVING SPACES MADE BY NATURE" is overlaid in white, sans-serif font in the upper right quadrant.

SUCCESS IS BUILT ON *passion*

Polycor is a North American natural stone quarrier and fabricator. By joining forces with other industry pioneers, we provide our customers with centuries of stone expertise. Our vision is to establish new foundations of global leadership by setting the standard for excellence in sustainable natural stone. Our products are built to last so that future generations can continue to fall in love with natural stone.

OUR STONES

INDIANA LIMESTONE - FULL COLOR BLEND™ limestone
A natural, full range compilation of warm buff colors and medium gray tones are present within this historic limestone quarried in Indiana. Its dense, compact grain structure gives it a marble-like quality, making it the perfect choice for outdoor living spaces.

CAMBRIAN BLACK™ granite
A great Canadian classic, this timeless granite comes from a quarry that is exclusive to Polycor. It's also one of the few black granites that doesn't require any resin or dye, making it ideal for countless applications.

ALGONQUIN™ FLEURI limestone **NEW**
The subtle yet sophisticated character of this warm, earth-toned limestone creates a subdued ambiance in any space. Neutral in its overall tonality and consistent in its minimal vein pattern, it also exhibits the occasional shell inclusions for added visual interest.

WOODBURY GRAY™ (USA) | STANSTEAD GREY™ (CANADA)
This granite is truly exceptional, sourced from 2 distinct quarries in North America. The beautiful light to medium gray color with a mid-size coarse grain is consistent across all slabs. Its striking features will add to the aesthetic appeal of any project.

ALGONQUIN™ LINEAR limestone **NEW**
The striated veins in this warm, earth-toned limestone create a bold design statement. Suitable for both exterior and interior applications, this stone is a unique and versatile limestone that is consistent in its vein pattern.

GEORGIA MARBLE™ PEARL GREY™ marble
The consistent grain structure of this North American marble contributes to its strength and resistance. Its white, gray, and black veins creates a dramatic statement that immediately draws the eye, making it the star attraction of any space.

CALEDONIA™ granite
Quarried in Québec, this granite is a true Canadian emblem. Its dark backdrop is mottled with flecks in various shades taupe and gray. Recognized for its color consistency, this granite is an ideal choice for projects to be completed in multiple phases.

GEORGIA MARBLE™ WHITE CHEROKEE™ marble
This marble comes from an extensive quarry that has been operated for more than a century. Stylish, it is one of the most homogenous marbles, and is used in large architectural projects and American heritage building restorations.

ESTATE VENEER SERIES

Beauty and permanence combined.

Embellish new builds with stately elegance or refresh an existing home by adding a classic touch. Polycor veneers are available in traditional full-bed veneer or thin veneer cladding. The Estate Veneer Series is available in a variety of stones, shapes, and sizes.

BERKSHIRE™

Berkshire™ is a solid, split-face veneer. Variations in height create a classic, pleasant, and seemingly random definition for commercial and fine residential structures. Available in thin and full-bed veneer.

WALKWAYS & PATIOS

Take your project to the next level.

From the organic look of winding walkways to the clean lines of formal patios and poolsides, natural stone sets the stage for outdoor living designs. Natural stone paving creates timeless designs that blend beautifully with their natural surroundings.

PAVERS

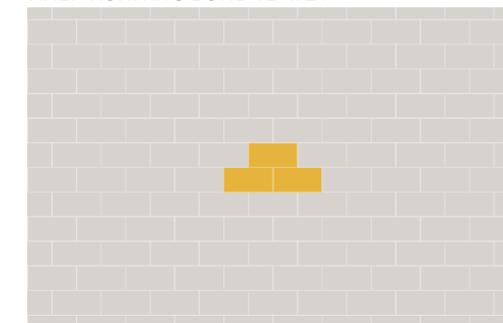

Pavers offer striking surface textures, colors, and composition to help you achieve your design vision for patios, walkways, pool decks, and more.

Polycor Inc. products are natural. Subtle variations in color and texture do occur and are part of what makes natural stone unique and attractive. We cannot guarantee an exact match to any of the photographic images contained in this brochure. Polycor Inc.'s continuing attention to product improvement may result in product specifications, technical information, and availability being subject to change without notice.
